

Employee Giving Authorization Form

The Delek Fund for Hope was established in 2008 to support charities in the communities in which our employees and customers live and work.

How do employee deductions work and where does the money go?

Employees may choose to participate through a payroll deduction plan or by a one-time annual commitment. We present this plan in place of programs like the United Way or other branded programs, however they work very similar in that fund collected go to your local charitable organizations. It is the mission of the company that charitable giving not just be something that we do, but part of who we are as individuals.

Employee contributions will be distributed 100% into the contributor's communities and are tax deductible. For your convenience a tax deduction notification will be included on your W-2 each year.
